

Grow with Microsoft Dynamics 365 Business Central

Columbus® | Once you know how...

In an ever-changing marketplace you need a flexible system that adapts to support new business opportunities. Introducing Microsoft D365 Business Central, an integrated business solution for progressive dealers.

With D365 Business Central for Office you benefit from a Microsoft development road map and support, Office 365 integration, webshops, portals and a totally native mobile solution for both phone and tablet. It is designed to put you in complete control of your finances, sales, inventory and IT.

A fully integrated solution for progressive dealers

Microsoft D365 Business Central for Office has been designed specifically for the Office Supplies and Business Services Industry.

Microsoft Dynamics 365 Business central is a global enterprise resource planning (ERP) solution; that allows small and mid-sized businesses to gain greater control over their finances and to simplify their supply chain, manufacturing and operations.

Have full control of your business

Financial management and accounting:
Manage cash, assets and banking

Supply chain, manufacturing and operations:
Track and manage production, inventory, orders and vendors

Marketing, sales and service:
Manage campaigns, sales opportunities, contacts and service contracts

Project management:
Create estimates, track projects and manage capacity

Business intelligence and reporting:
Get real-time visibility and analytics to track performance and act with insight

Your solution – your business
